

# Legally Binding Agreement

Between Rumpelstiltskin (hereinafter referred to as "the contractor") and you (hereinafter referred to as The Miller's Daughter).

The contractor agrees to spin a large room of straw into gold within the space of 9 hours between the hours of 8:00pm and 5:00am.

The miller's daughter agrees to surrender her firstborn child to the contractor, unless she can guess the contractor's true name.

The spun gold will be under a limited warranty for **3 years** from the date of delivery. If spun gold strands are defective, damaged, or malfunctioning in any way, the miller's daughter must contact the contractor within 4 weeks and the contractor will provide repairs free of charge. If damage from normal wear and tear occurs within 1 year, the contractor will repair the strands in question.
